FVE

wishes to be a platform for all members of the
veterinary profession in Europe and to formulate their
opinions in one corporate voice

One Profession

One Vision

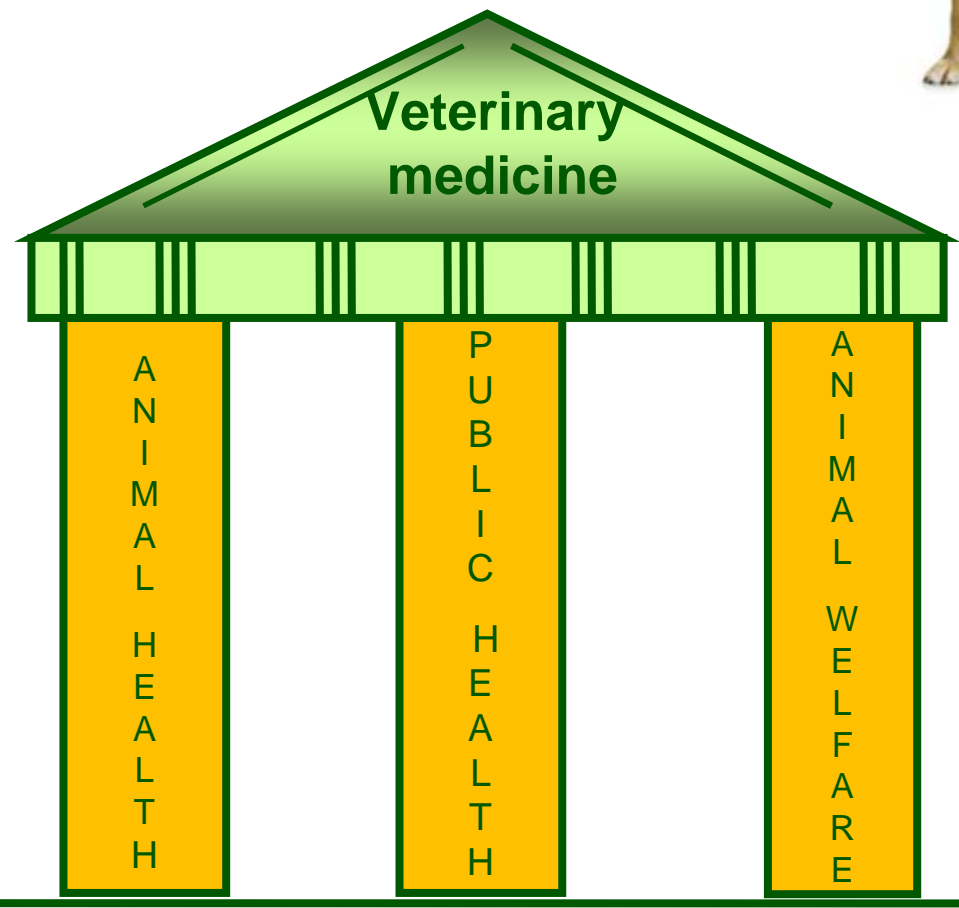

One Voice

FVE
strongly believes in the need
for good cooperation between
veterinarians in different positions

- private and public
- practitioner, official veterinarians
- profession and science
- profession and academia
- profession and industry

Synergy is our strength!

Research

Education

FVE welcomes the OIE initiatives in the field of veterinary legislation

There is a clear need to identify

- the veterinarian
- his role and responsibilities
- as well as his mandate

Position of the veterinary profession

- Well equipped professional (sufficient knowledge and expertise, technically and ethically)
- In the heart of animal health and welfare and veterinary public health
- Open eye towards societal needs, without losing sight on own responsibilities

Main areas of activity are:

- Animal health
- Animal welfare
- Veterinary public health
- Medicines
- Exercise of the veterinary profession
- Veterinary education

One World One Health

Animals + Humans = One health

a unified approach between veterinary
and human medicine
to improve Global Health.

The Veterinary Profession is a Health Profession!!
